

May 3, 2012

Dear Sir or Madam:

Allow me to introduce myself. My name is Hayden Ganther, and I am a recent graduate of Texas Christian University. I received my Bachelor's degree in Political Science in May 2012 with extensive coursework in public policy and political theory as well as an internship in the field of public administration. I consider issues concerning civil liberties one of my strongest areas of interest.

As my commentary unfolded, I began to realize that in the process of answering the questions posed to the public in DA 13-581, my arguments and remarks raise a number of questions of their own. I purposefully forgo answering them unless they are directly relevant to the FCC's original questions. Thus, if the FCC has any questions in response to my commentary, or requires clarification, I would be delighted to help.

Thank you again for this opportunity. I look forward to your reply.

Sincerely,

Hayden P. Ganther
